

ANJU ANILKUMAR

Python/Django Developer

Kottayam, Kerala | +91 9526721534 | anjuanilkumar36@gmail.com | [linkedin.com/in/anjuanilkumar66](https://www.linkedin.com/in/anjuanilkumar66)

Professional Summary

B.Tech Computer Science and Engineering graduate with hands-on experience in Python, Django, MySQL and web application development through internship and project work. Experience in developing backend functionality, RESTful APIs and database-driven applications using Django and MySQL. Skilled in Python, Django, JavaScript, React.js and SQL with strong logical thinking and problem-solving abilities. Adaptable and willing to learn new technologies and work effectively in a team environment.

Technical Skills

Programming Languages: Python
Frameworks/Libraries: Django, React.js
Web Technologies: HTML5, CSS3, JavaScript
Databases: MySQL
Core Concepts: Object-Oriented Programming
Tools/Platforms: Git, GitHub, Version Control

Soft Skills: Problem-Solving, Logical Thinking, Adaptability, Team Work

Internship Experience

Python Intern

Technovalley Software India Pvt. Ltd.

- Applied programming fundamentals in Python using variables, loops, functions, and object-oriented programming concepts.
- Solved programming problems to strengthen logical thinking and coding skills.
- Practiced writing clean, structured and maintainable Python programs.

Projects

AI-Based Cybercrime prevention in Social Media:

- Developed a full-stack web application using Python, Django and MySQL to improve social media safety.
- Designed and implemented RESTful APIs and backend functionality for user authentication, post creation, and comment management.
- Built a real-time comment filtering system using validation rules to prevent submission of harmful content.

ShopEase - E-commerce Web Application:

- Developed a personal e-commerce application using React.js for the frontend and FastAPI for the backend.
- Implemented secure JWT-based authentication, product management, shopping cart, and order management.
- Designed an Admin Dashboard to manage products, monitor orders, and display business statistics.

Education

Bachelor of Technology (B.Tech) – Computer Science and Engineering

VISAT Engineering College, APJ Abdul Kalam Technological University |
2022 – 2026 | CGPA: 6.68

Higher Secondary (Class XII)

State Board | 2022

Secondary School (Class X)

State Board | 2020

Certifications

- Python Programming – Technovalley Software India Pvt. Ltd (2022).
- NASA Space Apps Challenge – Volunteer (2024).
- SQL for Analysts – Dev Town & MSME (2025)
- Frontend Development Training – Simplilearn (2026).
